TEMPORARY FENCING

We have engineered bracing solutions that can service windspeeds up to 147km/h

Site HQ, is 'Powered by 1300TempFence', Australia's preferred specialist in Temporary Fence. Our systems are all tested and certified by third party engineering consultants. All of our temporary fencing is tested to be compliant with the most current version of the Australian Standard for Temporary Fencing AS-4687:2022. We have engineered different bracing solutions to suit multiple wind speeds, to service the minimum requirement of Stability Class fence at

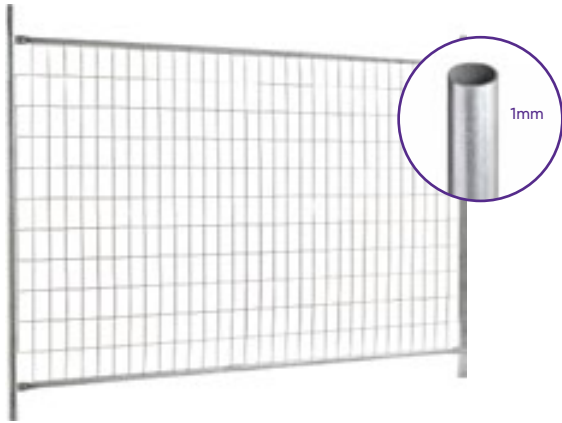

54km/hr right up to 147km/h depending on your site's specific requirements.

With proven industry experience and the reputation for providing reliable, high quality products, Site HQ is proud to be the exclusive provider of 1300TempFence products for sale, including:

- Smart panels
- Heavy duty maxi panels
- Semi permanent fencing
- Maxi plastic sheeting
- Prestige fencing
- Pool fencing
- Acoustic curtains
- and much more!

Infill pickets	19mm O.D. 1.2mm wall thickness
Weight	37kg
Finish	Galvanised 42 microns

FENCING ACCESSORIES

Scan this QR code to watch our temp fence accessories on YouTube

AVAILABLE IN SMART (1MM THICK) OR MAXI (2MM THICK)

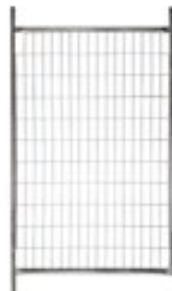

SUPPORT STAY

Provide extra bracing strength to help prevent your temporary fence from falling over.

HOOK STAY

Used as an anchor point along the bottom of temporary fence panels, providing extra stability and strength.

AVAILABLE IN SMART (1MM THICK) OR MAXI (2MM THICK)

MAN GATE

Pedestrian Gates provide personnel entrances and exits to your temporary fence.

GATE WHEELS

Attach to pedestrian gates or panels, allowing gates to be opened and closed more easily.

LOCK & CHAIN

Galvanised heavy duty chain & lock. Locks can be purchased separately.

STILLAGE (2.4M SMART PANELS)

Make storage, handling and transportation of large numbers of panels safe and efficient.

AVAILABLE IN 2.4M OR 3.3M LENGTHS

HAND RAIL

Reduce the potential trip hazard from fence feet protruding into pedestrian traffic areas.

AVAILABLE IN 2.1M OR 3M LENGTHS

DOG BAR

Ideal for containing animals within a fenced area. Can also prevent kids/balls going under the fence.

CLAMPS

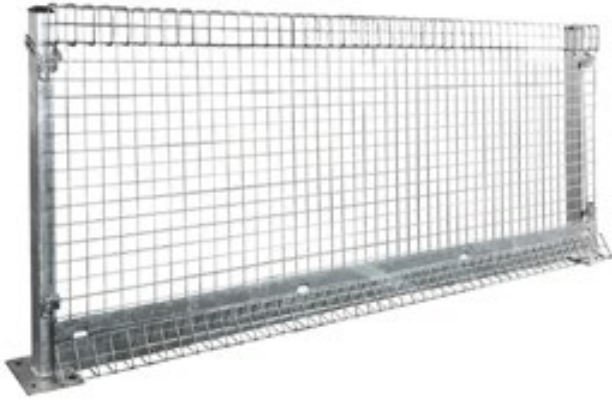

Our range of clamps are used to secure temporary fencing, attach posts, supports or gates.

LOW TRIP HAZARD

METAL FEET

Reduce the potential trip hazard from fence feet protruding into pedestrian traffic areas.

EDGE PROTECTION

PANEL 2.4 X 1M

SPECIFICATIONS

Weight	15.5kg
Panel width	2400mm
Panel height	1000mm

EDGE PROTECTION

PANEL POST

SPECIFICATIONS

Weight	4kg
Height	1005mm
Base	152mm square x 5 fixing flange
Holes	4 x 13mm diameter holes
Finish	Galvanised hollow sections

ATLANTIS POOL

PANEL 2.0M

SPECIFICATIONS

Panel size	2000mm (W) x 1250mm (H)
Frame	25mm x 25mm SHS
Infill pickets	20mm O.D. 89mm spacings
Weight	18.5kg
Finish	Fully Galvanised 42 microns

Tested and certified to Australian Standard AS 4687-2002 Temporary Swimming Pool Fencing. This product restricts and limits access and should never be used as a substitute to active supervision. Supervision is vital to prevent drownings or water related injuries.

ATLANTIS POOL

SELF CLOSING GATE

SPECIFICATIONS

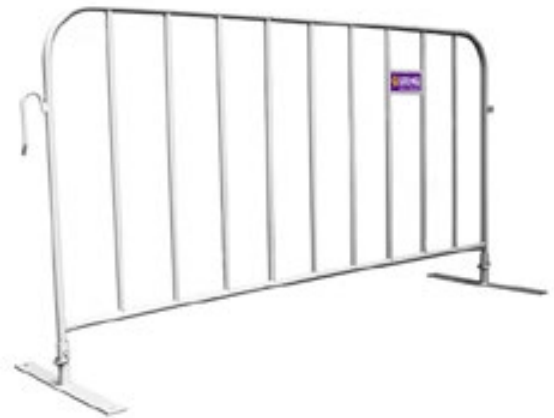

Panel size	1050mm (W) x 2000mm (H)
Frame	Outer 40mm x 40mm SHS Inner 25mm x 25mm SHS
Infill pickets	20mm O.D. 89mm spacings
Weight	23.5kg
Finish	Fully Galvanised 42 microns

Tested and certified to Australian Standard AS 4687-2002 Temporary Swimming Pool Fencing. This product restricts and limits access and should never be used as a substitute to active supervision. Supervision is vital to prevent drownings or water related injuries.

CROWD CONTROL BARRIERS

Crowd control barriers are a must for creating a safe and secure environment. Whether you are running a construction site or event, crowd control barriers are vital for maintaining safe crowd flow and keeping people away from potential hazards.

ACOUSTIC CURTAINS

Acoustic Curtains or as they are otherwise known, Noise reduction barriers have become an essential element on construction projects and building sites.

Designed using world-leading acoustic technology, our noise reduction barriers are a must to help protect local communities and employees from the harmful effects of excessive noise.

- Made from high quality, lightweight, water-resistant PVC
- Simple to transport and easy to install with simple velcro and eyelets
- Low centred to ensure noise can't penetrate beneath
- Strong insulated core that provides up to 18 decibels of sound absorption performance.
- Comes unbranded and with reflective strips for easy visibility

SOLAR/WIRELESS SITE CAMERAS

1300SiteCam strives to offer the best in Site Security services. Our Solar/Wireless Security Camera Systems monitor and protect your site and assets, with 24/7 visibility. Take control and reduce your risk of theft and crime. Whatever your site requirements, we have a camera to suit your needs, with in-ground, above ground and container mounted installation options.

Smart motion detection

Our AI motion detection technology helps you

to focus on human and vehicle events. The device will only trigger an alarm when the preset intrusion type (*human or vehicle*) takes place and videos related to alarm events are sorted into human and vehicle categories for easier footage searches.

Warranty & certifications

Our AI motion detection technology comes with a 12 month warranty and are engineer certified to Australian Standards.

All models include:

								
Solar & battery (no power needed)	24/7 Live view (smart phone / tablet)	Artificial intelligence (motion detection)	Alert emails with 3 photos & app push notifications	Telstra 4G wireless internet	Flood & strobe light (on motion detection)	Night vision mode (30m motion detection)	8MP wide angle camera lens	Water & dust resistant (IP67)

4K TURRET CAMERA

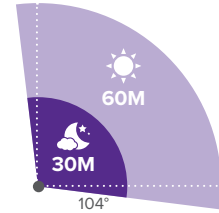

SINGLE TURRET

For single site applications. Provides coverage to both sides of a fence.

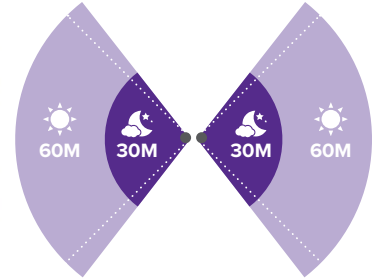

DETECTION & COVERAGE RANGE

DOUBLE TURRET

Ideal in narrow walkways, site entrance gates and site offices, when you need to monitor two different directions.

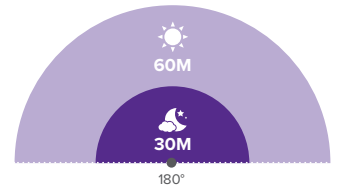

180° / 360° CAMERA

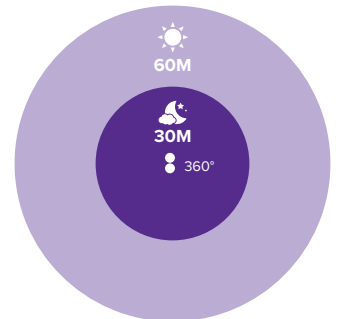

180° SINGLE CAMERA

For large areas and along fence lines.

360° DOUBLE CAMERA

For sites that require all-round vision.

PROGRAMMABLE TRIGGER ZONES

As each site has different conditions, 1300SiteCam can customize trigger detection zones to provide accurate detection of intrusion events.

COLORVU TECHNOLOGY

Our camera's feature ColorVu technology which produces colourful videos even in extremely dimly lit environments.

It's large aperture provides vivid and colourful images even in low light, prevents reflections and loss of details caused by infrared lighting and over exposure.

INSTALLATION OPTIONS

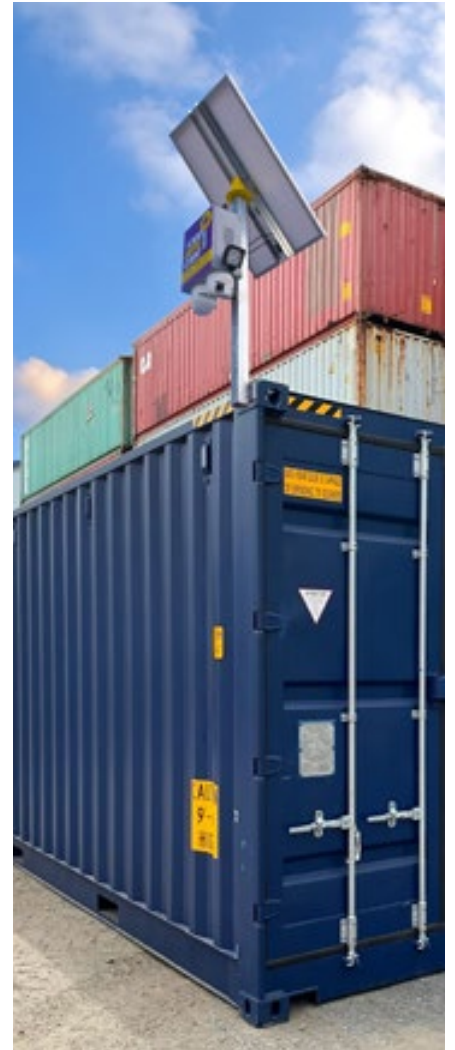

IN GROUND

1 x 4m strong steel pole
1 x secure in ground spike

ABOVE GROUND

1 x 4m strong steel pivoting pole
1 x above ground, weighted modular steel base, forkliftable

CONTAINER MOUNT

1 x 1.2m extension pole
1 x anti tamper, lockable shipping container mount

ACCESSORIES & ADD ONS

LED FLOODLIGHT

High powered LED floodlight for visibility at night. (6800LM).

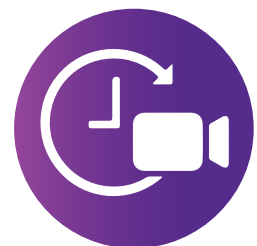

DATA PLAN

Data plan & configuration p/month p/unit.

SECURITY MONITORING

1300SiteCam can provide 24/7 site monitoring.

TIME LAPSE

Photos are captured (every 30mins) and merged into a time lapse video.

WATER FILLED BARRIERS

Site HQ's Water filled barriers are a great safety barrier solution. Our high strength **Shield 1** can help stop, contain and re-direct an impacting vehicle making it an ideal choice for road closures, crash protection, traffic management and use on work sites. Our heavy duty **X-Site** is ideal as a medium zone barrier perfect for pedestrian delineation, while our lightweight **X-Stream** can be filled to 25% capacity, making it a great low cost option, ideal

if you're looking for a sturdier option than your average crowd control barrier.

Each of our versatile barriers are easy to install with simple interlocking systems, easy to manoeuvre, highly visible, sturdy and durable.

We also offer a range of fitted anti gawk screens and fence tops for added privacy.

Scan this QR code to check out our range of water filled barriers and accessories

SHIELD 1 CRASH RATED WATER FILLED BARRIER

SAFETY SIGNAGE

Site HQ offers a wide range of Safety Signage, an essential for any workplace, to provide heightened safety awareness for both employees and visitors.

Our 1.4mm polypropylene is a durable UV treated material, suitable for indoor and outdoor use. 100% recyclable it is the environmentally friendly site signage choice. All signs are finished with rounded edges and drill holes in each corner for easy installation.

Have a custom design in mind, we can help.
